AUGUST 7-DECEMBER 17

JANUARY 2-MAY 17

The Competitive Training Program Plus and Non-Traditional Scheduling Program Plus at Tennis Memphis offers tennis instruction and training for players who have a strong technical and tactical foundation and who are ready to commit to more hours and higher intensity training. The Competitive Training Program Plus is scheduled around a traditional school schedule and the Non-Traditional Schedule Program Plus is designed for homeschooling students who are dedicated to full-time training.

Tennis Memphis works in partnership with GreatBase Tennis to provide Junior Development programming which thoroughly prepares young tennis players for the rigorous demands of competing in high-level junior and Division 1 college tennis. The primary goals of the Competitive Training Program Plus and the Non-Traditional Scheduling Program Plus are to focus and hone the player's mental and emotional game, while continuing to build a strong technical and tactical foundation. Students are also taught to maximize their tennis potential by establishing at-home practice routines (referred to as program "plus".) The documentation of player development is a critical part of the GBT system. All players must have a technical assessment to enter the program. Please see the attached form for more details.

The goal of these programs is to produce mentally and emotionally resilient players who have a strong technical and tactical base and who can successfully compete at the college level and beyond. The online component of our program can be found at greatbasetennis.com. The website contains a wealth of information, including comprehensive online courses, daily blog, and a video archive, which will help accelerate the growth of your child's game.
