

Junior Player Walk-On Policy

1. The benefit of the walk on at no charge is only available to junior players enrolled in Tennis Memphis programming. Junior players that are not enrolled in Tennis Memphis programming are not eligible and will pay full price for courts at all times.
2. All juniors must be verified as enrolled in Tennis Memphis programming (for questions on how to verify this, please ask your direct supervisor)
3. Two Junior players can walk on an open outdoor court with each other without a reservation at no charge. Juniors reserving a court will pay the regular court rate. Please note that calling in and requesting a court, or asking that a court be “held” constitutes a reservation.
4. Junior players may only walk on an indoor court if outdoor temperatures fall below 40 degrees Fahrenheit.
5. Junior players may hit or drill with an immediate family member on an open outdoor or indoor court without a reservation at no charge. Juniors and family members reserving a court will pay the regular court rate.
6. Adults (non-family members) playing with a junior must pay half the court costs whether the court is open or reserved. Unless, playing outdoors and the adult has a Players Premium Card there is no charge. For a reserved indoor or outdoor court, payment at the regular court rate is required.
7. If no money has been collected for the junior walk-on court, and at any time a customer reserves and pays for that court, the junior will be bumped from the court.

Tennis Memphis Operations Manual

8. This applies to any junior and is not just players enrolled in Tennis Memphis programming.
